LAST WEEK FINDS PRIMARY CANDIDATES BUSY IN COUNTY

Several Fights Getting Most Interesting With the Usual Throwing of Mud—Tight Pulls in Several Races.

As the primary election nears, interest in the various races grow most interesting. In the Sheriff, County Tax Commissioner and Circuit Clerk races just now appears to be the most interest. All of the candidates in these races are making the last few days count and the majority of these candidates, after spending County Court day in Maysville, have gone into the county to make their last stand with the country voters.

Coroner Thomas F. Higgins, who is conducting the primary for the sheriff, that officer being disqualified because of one of his deputies being a candidate, has everything about in readiness. All of the election officers have been summoned and County Clerk James J. Owens is getting the ballot boxes ready.

Little interest has been taken in the primary by the women and it is now thought that here will be a very small woman vote cast while candidates and their organizations are doing all within their power to get the full Democratic vote, both male and female, at the polls Saturday.

Voting places in Maysville will be as at the last election. Returns from all country and city precincts will be received at the County Clerk's office and a complete return of the entire county should be in by 6 o'clock Saturday evening.

WORLD-FAMOUS TENOR DIED EARLY TODAY

Enrico Caruso Died at 4 O'Clock This Morning at Naples, Italy, of Complications Following Operation.

Naples, Aug. 2. — Enrico Caruso died here at 4 o'clock this morning. The famous tenor succumbed to the illness which attacked him in New York last winter, the direct cause of death being a subphrenic abscess following operations on his chest.

Caruso suffered a relapse Saturday during a holiday trip to Pompeii.

His condition was so serious physicians feared he would die immediately. Injections of camphor were used to keep him alive.

An operation was decided upon after eminent surgeons had been called in. Caruso watched the professional men quizzically and jested at their alarm. The tenor came through the operation nicely, but his strength was gone. He did not recover as he had previously and the anxiety of his attendants turned to certainty.

The operation had left the singer very weak and his heart was kept going only by frequent injections. He sank steadily from the time he was removed from the operating room.

WAREHOUSE ON THE STREETS, SAYS THE CITY ENGINEER

Peoples Warehouse Company Must Move New Building Back off City Streets—Objection to Railroad Noises Filed.

At the regular monthly meeting of City Council held at the Council Chamber Monday evening Engineer W. L. Glazier filed his report on his recent investigation into the new building erected at corner of East Second and Bank streets by the Peoples Warehouse Company. Mr. Glazier's report says the building is 19.5 feet on Bank street at the front corner and 33.15 feet at the rear corner. It is also 6.5 feet on Second street along the front of the building, according to the report. Council ordered Mr. Glazier's report sent to the attorney for the Warehouse Company with the request that the building be put back off the streets. It was also ordered that if this request was not complied with the City Attorney be authorized to bring ejectment proceedings against the company.

A petition from many residents in the West End complaining about the noises made by C. & O. railroad trains in the local yards was read and on motion referred to the Police Department for the enforcement of present laws in this regard.

Complaint having been filed against a building under course of erection in West Third street by Mr. Ed Richeson, it being claimed that he was erecting a two-story house while council granted him permission for the erection of a one story garage, the matter of granting the permit was reconsidered and then referred to the Proposition and Grievance Committee with the Fire Chief and City Attorney.

The Laws and Ordinances committee was authorized to have prepared and presented to Council at its next meeting ordinances making Court and Government streets one-way streets, all traffic going South from Second into Third street.

Three thousand dollars worth of Emergency bonds were authorized to be issued to defray the current expenses of the city.

CARNIVAL OWNER CHARGED WITH USING RAISED BILLS.

W. W. Mau, of Xenia, Ohio, proprietor of the Mau Carnival Company, was arraigned before the United States Commissioner at Louisville Monday on a charge of passing "raised" money on the Roth Motor Company.

In trading an automobile and money for another machine, Mau, it is said, paid the Roth company three "raised" bills—two \$10 notes that were \$1 notes and a \$2 bill raised to \$5.

Mau said he did not know the bills were raised. The carnival man is well known here where his shows have exhibited several times.

Three weeks ago Dr. Bagby, for the fourth time during his residence here, won the golf championship of Kentucky.

JUDGE COCHRAN RULES NO JURISDICTION IN CASE

Suit To Levy on Property of Surety Not Large Enough for Federal Court.

Federal District Judge A. M. J. Cochran in a ruling has decided that he was without jurisdiction in the suit of J. M. Brumagen against H. C. Hodgins, Sheriff of Clark county; the International Shoe company of St. Louis, the Sheriff of Madison county and E. Shelby Wiggins, attorney for the shoe company. In the suit filed the plaintiff sought to restrain the defendant from levying an execution upon his property.

According to the ruling of Judge Cochran only \$1,500 was involved in the litigation and this amount is insufficient to warrant trial in federal court. Federal courts do not have jurisdiction unless the amount involved is \$3,000 or more, he pointed out.

According to the suit a judgment for \$1,433.40 was obtained by the International Shoe company against W. H. Smith. Brumagen had signed a surety for Smith and the company attempted to levy on Brumagen's property to recover the judgment they had received.

CHANGED TAXING SYSTEM SUGGESTED BY TREASURY HEAD

Increase in Postage Rates, Tax on Bank Checks and Many Other Changes Are Said To Have Been Suggested By Mellon.

Washington, Aug. 1.—A tax of 2 cents on bank checks, a flat license tax of \$10 on all automobiles, irrespective of cost or horsepower, an increase of first class postage rates to 3 cents and an added levy on cigars, tobacco and cigarettes are understood to have been among tax revision suggestions presented Monday by Secretary Mellon to the House Ways and Means Committee meeting in executive session.

Other suggestions were said to have included: A reduction of 50 per cent in transportation taxes, both passenger and freight, next year and their elimination the year following.

Repeal of the taxes on soda fountain drinks and ice cream.

Repeal of the excess profits tax and elimination of the \$2,000 exemption of corporation's incomes.

Increase of the normal income tax on corporations from the present ten per cent to fifteen per cent.

Elimination of the income surtax brackets above 40 per cent, with the surtax rates on incomes ranging from \$6,000 to \$50,000 increased.

The revenue bill as revised in accordance with these suggestions would be designed to raise approximately \$4,000,000,000 next year, it was said. Mr. Mellon's memorandum embodying his views was withheld, but Chairman Fordney promised to make it public Tuesday.

Representative Garner of Texas, the ranking Democratic member of the committee, attacked the Treasury Secretary's proposals, declaring that every one of them constituted a "shifting of the tax burden from the classes to the masses."

Mr. Mellon was said to have estimated government expenditures for next year at \$4,675,000,000, but Chairman Fordney said this was dependent upon how much of the \$500,000,000 due the railroads would have to be advanced out of the Federal Treasury, the cost of operating the government merchant fleet and the size of expenditures for the army and navy.

Rev. John A. Davis, pastor of the Baptist church, and wife left today for Carlisle to attend the annual meeting of the Bracken Association and from there will go to Knoxville, Tenn., for their annual vacation.

ALLEGED 'SHINERS' LOCATED IN LEWIS; ARREST EXPECTED

Gaskins and Beckett Said To Be in Hiding at Home of Relatives in Lewis County — Arrest Expected Today.

Receiving a hot tip last night that Tom Gaskins and Russell Beckett, the two members of the moonshiner's crew discovered last week on the Coughlin farm just outside the city, who made their escape, were in Lewis county, local officers went to that county Tuesday morning for an investigation.

Squire Fred W. Bauer and Sheriff C. E. Galbreath returned to Maysville at about noon Tuesday while Deputy Sheriff C. M. Devore and Deputy Sheriff McGill, of Lewis county, were left in the hills near Burtonville where Gaskins and Beckett are thought to be in hiding.

Officers Tuesday morning located the hiding place of the two men. Their automobile was found but the officers took no chances in letting the men know they were about. Instead they chose to lay in waiting for the men and catch them unawares. The officers expect to take the two men this evening and return them to Maysville.

This discovery that the men are in hiding with relatives in Lewis county shows that other members of the party who are now in jail and who reported that the men had headed for Columbus, Ohio, were trying to mislead the local officials.

And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

THE BEST MAN.

The appointment of Edward M. Morgan as postmaster at New York is proof that the Harding Administration is swayed by the efficiency records of applicants for positions rather than by their political affiliations. Mr. Morgan entered the postal service 44 years ago and served for ten years as the New York postmaster, much of which was served during the administration of Mr. Harding's predecessor. The fact that he was a Democratic officeholder did not prevent Mr. Morgan from getting the place. He was the best equipped man for the office, and for that reason was given the appointment.

KY. COWS WIN PLACES AMONG THE HIGH PRODUCERS

Thirty-Three Cows Owned By Ten Dairymen Included In Official List of 880 Record Animals—Mason Cows on List.

Lexington, Ky., July 30. — Kentucky is well represented among the states having high producing cows with 33 animals owned by ten different dairymen included in an official list of 880 Jersey in the United States that produced more than 50 pounds of butterfat during April, according to J. J. Hooper, head of the dairy department of the College of Agriculture. The list of high producers is contained in the last number of the official publication of the Jersey breed association and is prepared from the list of animals submitted by the agricultural colleges of the country under whose direction the animals were tested. Cow testing work has made it possible for Kentucky dairymen to discover which cows in their herds were making good records and is largely responsible for the good showing of the state, Mr. Hooper said.

The highest producing cow in the state for April was Rexdale Catherine owned by T. A. King, Hopkinsville, according to the official report. She produced 1,071 pounds of milk and 75 pounds of butter fat during the month.

Kentucky dairymen whose names appeared in the list together with the number of animals which were recorded were:

Perrault Brothers, Dover, five; Allen Dals Farms, Shelbyville, five; Hurstbourne Farms, Louisville, four; J. C. Askew, Trenton, two; T. A. King, Hopkinsville, two; O. C. Hager, Hebron, one; George Weimer, Augusta, one; W. W. Hapton and Son, Goshen,

one; R. J. Shipman, Shelbyville, one, and Somnco Farms, Hopkinsville, one. Allen Dale Farms had two cows in the list by the same sire, Fairy Glen's Ral-eigh, while Perrault Brothers had two animals among the high producers sired by Hamley's Plymouth Silver.

Good feed and management coupled with regular tests rather than expensive equipment which the average dairyman cannot afford has been responsible for the records of the Kentucky cows, according to Mr. Hooper. Tests may be conducted by any farmer on the animals in his herd and is the one sure means of distinguishing between high producers and the merely average cows as well as increasing the value of the herd and its prestige among dairymen.

OHIO COLLECTOR ENDORSES PORTER'S STORY.

United States Internal Revenue Collector Stephen W. McGrath, of Ohio, asserted Monday that Cincinnati, "Gateway to the South," was also "gateway" to the great Kentucky whisky storehouses and by reason of that fact harbored the "king and the princes of the bootlegger family." Collector McGrath confirmed the statement made by J. Sherman Porter, of Lexington, Ky., retiring chief prohibition enforcement officer of Kentucky, that a man, now living in Cincinnati, who has grown enormously rich within a short period, is at the head of the most powerful "ring" operating in this vicinity.

A delegation of 160 American college students, representing the Italian-American society and the national Dante committee sailed recently for Italy with a bronze tablet to be placed upon the tomb of the Italian poet, Dante, at Ravenna. Students in 60 colleges subscribed to the fund for the memorial.

TWENTY-TWO KIDDIES FROM MASON COUNTY IN STATE HOME

During 25 Years Kentucky Children's Home Has Cared For 22 Mason County Children.

Fate had decreed that they be childless; but the mother heart of the wife longed for a little child. The husband, though loving children, became devoted to dogs and kept a large pack of fox hounds. Thus it happened that a little ward of the Kentucky Children's Home Society, Louisville, found a happy home with the childless couple of a wealthy family.

He was a beautiful little baby boy and because of his mother's broken home, the County Judge had committed him to the care of the children's home.

When the train stopped and the agent of the home stepped onto the platform with his little charge, a sweet faced woman and big hearty looking man stepped forward.

"Oh, the darling," cried his new foster mother, "Joe aren't you glad," she said turning to her husband, then to the agent she said: "My husband is very fond of fox hunting and is president of the fox hunters association. I told him that if he could afford to keep all those dogs, we certainly could afford just one baby."

The little boy since has been adopted. He has never known that he is not their real child to the deeply loved and every opportunity is being given him to grow into a useful, honorable citizen.

From Mason county, 72 children have been committed to the Kentucky Children's Home Society and during the twenty-five years of its existence only \$2,200 has been appropriated by the fiscal court for the upkeep of this institution.

Do you know why it's toasted?

To seal in the delicious Burley flavor.

It's toasted.

The Kentucky Children's Home Society now is building a cottage village at Lyndon, Ky., to cost \$300,000 and in the midst of this 89 acre tract, the children will be taken by October 15 when the contractors promise to have one of the buildings completed.

Mason county's quota toward this cottage village is \$5,000 of which \$1,237 has been given.

MAKING NATIONAL PARKS SAFE FOR DEMOCRACY.

A concerted effort is being made by the U. S. Public Health Service and the National Park Service, to make the National Parks of the United States safe and sanitary for the vast number of Americans who have recently taken to touring them. Before the war, when tourists were fewer and most of them

travelled on stage lines and stayed at park hotels, the sanitary problem was simple. Since the war, however, the great majority travel in automobiles and camp out, enormously complicating all health matters.

Since early in January the U. S. Public Health Service at the request of and in cooperation with the National Park Service, has been preparing for the work; and on May 15, it sent its first sanitary engineers into Yellowstone, Mount Ranier, Yosemite, and Garnd Canyon parks. Other engineers, or engineers who have finished work on their earlier assignments, will go to other parks. Only in the largest and most popular parks, such as the Yellowstone, will it be necessary for a sanitarian to remain all summer.

The work consists in examination and protection of water supplies, disposal of garbage and sewage, inspection of milk and food and the way they are handled; providing for camp policing and sanitation; and prevention of malaria; Malaria carrying mosquitoes have been found in Yosemite Park; and especial efforts will be made to eradicate them there and to prevent them from "acquiring a residence" in other parks.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Ask your neighbor.

Maysville citizens endorse them. Ben P. Fleming, country Constable, 228 Limestone street, Maysville, says: "I have used Doan's Kidney Pills off and on for several years when I have needed them. I always get Doan's at Wood & Son's drug store. I have been greatly benefited by them. At times my kidneys get out of order and I suffer with a dull constant ache through the small of my back and the kidney secretions are irregular in passage. A box or so of Doan's have never failed to relieve the trouble in a short time."

The above statement was given November 14, 1916, and on November 22, 1920, Mr. Fleming added: "I am glad to renew the statement I gave for publication some years ago as the cure Doan's Kidney Pills made for me is still permanent. I confirm my former statement in every detail as it was all true."

New York. — Is Cornelius Vanderbilt, Sr., turning his ambassadorial year toward Japan? It was generally accepted that he longed for the Court of St. James'; but that being beyond his reach, it is reported that his eyes have turned to other shores. This rumor is stimulated by the circulation at Newport of a symposium on the Japanese-American question, with a note to the effect that it is "privately printed by Cornelius Vanderbilt, Jr., No. 640 Fifth Avenue, New York."

It's still a fairly honest world, however. Anna Hughes, a seventeen-year-old laundry sorter, came across \$10,000 worth of jewels in the laundry bag sent by Mrs. M. Markowitz, of Brooklyn, the other day, and rushed to the desk with them urging the mto get them back to the lady "right away quick, so she won't worry."

Time doesn't mean a great deal to the calm Oriental. Days and years rush him not one whit. Lem Wah, one of the oldest citizens of New York's Chinatown, who has lived in Mott street for 36 years, as on his way back to China to see his wife, whom he has seen only three times in 51 years. For 33 of those years, he has the Chinese interpreter for the Canadian Pacific railroad, but now at 72 he feels that he can retire, and he is going happily back to spend his remaining days with his wife.

If one must have an officer of the law come to evict her and her family, it's a pretty nice thing when the officer happens to be one's husband's war buddy. Mrs. Rose Nowaki learned that the other day. Mrs. Nowaki's husband went to his death when the transport President Lincoln was torpedoed, and life has been difficult for her and the four children since then. Finally the blow fell—her furniture was to be put into the street. Assistant city marshal Hagen of her district was sent to see that it was done. He asked her husband's name. "Was he on the President Lincoln," Hagen demanded. "He went down with that ship," said Mrs. Nowaki. "Well, I was his buddy, and I escaped when he went down. You don't move." War veterans have taken up the widow's fight and are trying to make it possible for her to keep her home.

Married couples must act like married couples — not go around being affectionate. That's the order of the court. Matthew and Margaret Marquand live across the river in New Jersey. Maybe that's why they act so queerly. Anyhow, on a perfectly respectable public beach, they up and kissed each other. Matthew first having put his arm close about Margaret's waist. They were arrested. Special officer George Maltz said it was all very well for them to say they'd been married two years; then they shouldn't act as though they were just engaged. Somebody present said they didn't believe they were married at all. But anyhow, they took them off to Judge Miles; and he agreed that it was no way for married people to act, and he found them guilty of disorderly conduct, but suspended the sentence.

STANDARD TUBERCULOSIS SANATORIUMS, ETC.

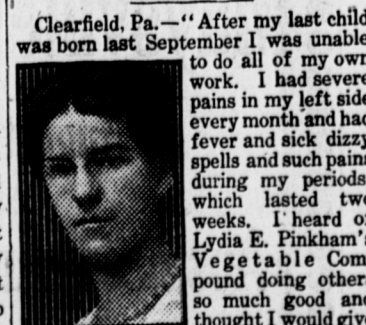

From data collected from every available source the U. S. Public Health Service has prepared and published plans and specifications for a model sanatorium for tuberculosis patients, especially those from the World War. Where possible these plans will be followed in future Service hospital construction; and where conditions will not allow exact adherence they will be used so far as possible.

The plans group the administrative buildings in the center around three sides of an open court. Facing from fourth side, from across a roadway, stands the infirmary, its wards radiating away in wheel-spoke fashion. On the opposite side of the administration buildings, close up, is an auditorium and an open-air theater. A short distance beyond this the wards for semi-ambulant patients are disposed along a concave arc; and a little farther away are the wards for the ambulant patients. The officers, nurses, and attendants quarters are severally grouped here and there on the right; and the industrial buildings (power house, etc.) are grouped on the left. Provision is made for occupational therapy and for vocational training for selected patients.

Some of the nations have odd legends as to the origin of woman. The Japanese believe that she grew on a tree; the Laplanders that she was once a rabbit; the Persians that she fell from the heavens; and the Australian natives that she was once a toad.

SYMPTOMS WOMEN DREAD

Mrs. Wilson's Letter Should Be Read by All Women

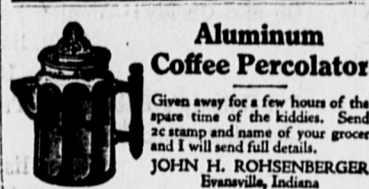

Clearfield, Pa. — "After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and sick fever and dizzy spells and such pains during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound doing others so much good and thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish." — Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

RATS AND THE PLAGUE.

Rat extermination and resulting removal of danger from bubonic plague is being pushed by the U. S. Public Health Service. Portland, Maine, and Baltimore, Md., among the other cities, have made appropriations for the work, in which the Public Health Service will cooperate. The extreme difficulty of eradicating the plague, which is essentially a rat and not a human disease, when once it gets a foothold, makes rat-proofing of houses of the very greatest importance. This is especially true in sea-coast cities, where even the very greatest precautions can not always prevent rats from getting ashore from vessels coming from ports where the plague is endemic.

Wisconsin boasts of still having its first school taught among the living. The teacher is Mrs. Mary Thomas, of Parkinson, Cherokee, Iowa, age 89. In 1850, the town of Primrose engaged her at \$1.25 a week and her first register showed 12 pupils. One of these is still living, Samuel H. Butts, 82, a resident of Eugene Spring, Ark., a veteran of the Civil War.

CONFERENCE CALLED FOR CONTINUANCE OF COUNTY ROAD WORK

Candidates Asked to Meet With Fiscal Court to Discuss Continuance of Rock Hauling at This Time—Meeting Don't Materialize.

Candidates for County Commissioner and County Judge were asked to meet Monday with County Judge Purcell and the present Fiscal Court to discuss the continuance of rock hauling throughout the county at this time. It was the purpose of members of the present fiscal court to suggest that all candidates agree that rock hauling should be continued just now when many farmers are anxious to haul on the roads and that they be paid out of next year's road fund, the present fund being almost exhausted.

The meeting did not get anywhere because several of the candidates did not attend and there was a difference of opinion so that they could not reach an agreement.

The present Fiscal court cannot continue the work without the agreement of those who will make up the next Fiscal court and they are therefore unable to act at this time.

POLITICS WARM IN TWO COUNTIES AT RUGGLES MEET

Voters of Lewis and Mason Counties at Ruggles Camp Are Preparing To Go Home for the Primary.

(By J. H. RICHARDSON.)

Ruggles Campgrounds, August 1. — Monday is generally regarded as a rest day at Ruggles. Just sort of getting over the strain of the crowded Sunday. Sunday is always a pleasure and joy because of having so many friends and acquaintances come to see us and enjoy a day of the campmeeting. Then comes Monday, a day of quiet. We've been rested today and edited greatly by the splendid services. To sit under the old tabernacle with the smaller crowd and the quietness of the day hear one of Dr. Fort's ability discuss the religion, the practical side of it has been one real treat. We are more convinced than ever that in Drs. Fort and Birney the camp has two men working together that make up the best team we have ever had. Dr. Fort gave a very practical address this morning on the active side of church life; in the afternoon in a short half hour he gave us a wonderful lesson from the two Bible characters, "The Rich Young Ruler" and "Paul." In this talk he wonderfully convinced everyone present that if we are to gain anything we must give ourselves away in a consecrated life.

Our Third street pastor, Rev. W. S. Peters, led our early prayer service, thus preparing us for the good things of the day.

Then Dr. Birney brought us the evangelistic message from the subject, "The Family Name of God." A large Monday night audience heard the sermon. The altar service which followed the sermon was one of deep feeling and earnestness. Our people are getting really into the work of the campaign. People are asking to be prayed for. Others are asking prayers for their children and other members of their families. The solicitude of many of the workers augurs well for the success of the meetings.

Bro. Ashley is doing some great work with the Gospel songs. Special numbers are given nearly every service. This evening he sang as a solo the touching message in song, "Ivory Palaces." A male quartet is being used very effectively. Over the week-end several members of the Maysville bands who, by the way or of our Methodist churches, assisted much with the music.

Our hotel man Hamrick is giving unusually good service. The newly unfurnished rooms are proving quite attractive. The kitchen and dining room service is good. With our friend Yazzell to look after the dining room and A. E. Bobbitt as head waiter, a job he has done with increased efficiency each year for seventeen years, no one can find cause for fault with this part of our campmeeting arrangements.

Mr. Chas. Putman, of Newport, a prominent candy manufacturer, is stopping at the hotel for a few days and taking in the campmeeting.

At the Williams cottage "Edgewood Cottage," they are entertaining this week the following guests: Misses Nettie Masters, of Latonia, Nettie McCarty and Flora Rowland, of Ewing, Miss Anna Mae Applegate, of Nepton, will join the party on Thursday for the remainder of the week.

Mrs. Mattie W. Redman, of Rectortown arrived today for a few days visit with Miss Rena Mae Coryell.

Mrs. Prather, of Maysville, moved in this afternoon and is occupying rooms in the avenue building.

Quite a lot of interest is being taken in the coming primary elections in Lewis and Mason counties next Saturday. The campaign is warm here in old Lewis as well as in Mason. The camp will likely be short of the voting class that day. As this includes those of both sex now it will take a big number away for part of the day. Arrangements are being made by many to get to their voting places and back as soon as possible.

Mr. Geo. N. Harding came back to camp this afternoon after spending the Sabbath at his home church in Maysville.

Rev. N. H. Young, of Patutlick arrived this afternoon. Bro. Young is one of our regulars. His presence with us is always a blessing.

Misses Rosa and Ota Hayalip, of Maysville, joined the increasing number of campers today.

Mrs. Maxwell, of Portsmouth, Ohio,

SID HATFIELD AND AN OFFICER KILLED

Outstanding Figure in Mingo Industrial Strife Slain in Street Fight At Welch, W. Va.

Welch, W. Va., Aug. 2. — Sid Hatfield, former chief of police of Matewan and Ed Chambers, a policeman of that place, were killed in a gun fight in the court house yard here shortly before noon Monday.

T. C. Lively, a private detective, and four other persons were arrested in connection with the shooting.

Hatfield was arrested last week in connection with the shooting up of the town of Mohawk, W. Va., where he was placed in jail. Chambers also was to appear in court Monday in connection with the same case.

Hatfield was released on bail, and was with Chambers Monday morning when he became involved in a quarrel with Lively and some of his friends. In the shooting which followed Hatfield and Chambers were killed.

Dr. Ella Y. Hicks has returned from three weeks stay at Virginia Beach, Virginia.

Mrs. David Bierley, of Louisville, is visiting her sister, Mrs. C. T. Brown.

One of the leading church workers of that city, is camping here again this year. Tomorrow afternoon she is to favor the children's meeting with one of her stories.
